Put an end to those annoying calls ... for good!!! Hang up on telemarketers AUTOMATICALLY!

The 1991 Telephone Consumer Protection Act allows consumers to block future solicitations by simply asking to be placed on the "Do Not Call" list.

If you are called by a real person trying to sell you something (as opposed to a computer), simply press the button on the EZ Hang Up and hang up your phone. The EZ Hang Up will take over the line and play a short, polite, pre-recorded message:

"I'm sorry, this number does not accept this type of call. Please regard this message as your notification to remove this number from your list. Thank you."

The In-Use light will be lit while the message is playing. When the message has played, the Easy Hang Up disconnects the line automatically!

For use on standard single line phones, only. Not for use on digital or Electronic Key System or PBX phones.
